The railway station is situated in Shrewsbury town itself, and the Harry Hotspur is located just 2 miles out of the centre of town with good link roads available.

Pub Layout

As you walk into the Harry Hotspur you enter through a porch which leads to another set of doors and into the pub itself. To the right is the area set aside currently housing a pool table. The pub has one long bar with a commercial kitchen hidden to the side. There is the option to serve roughly 40 covers. Pool team and darts team help to bring further trade to midweek. There is plenty of fixed and loose seating throughout with a raised area which is mainly used as the restaurant area. There is a dance floor/darts oche towards the rear of the pub with the toilets to the left of the bar. Outside there is also a garden area and seating.

Currently the Harry Hotspur is operating as a food pub offering good home cooked food. There is the option of promoting this further and extending the menu.
