The surrounding area is undergoing significant development and restoration, enhancing its attractiveness.

Pub Layout

The Lamb Inn has recently undergone a comprehensive refurbishment, both inside and out. This recent renovation has transformed the pub, giving it a fresh and inviting appearance that promises a pleasant experience for all guests. Upon entry to the pub, you will be greeted by an open plan layout with one central servery. The pub is split into two distinct areas, comprising of both fixed and loose seating, with a darts area to the right hand side. To the rear of the bar you will find the kitchen, with both ladies and gents toilets to your left. At the side of the pub, there is a small hosting space, equipped with wooden benches to maximise curb appeal and to increase footfall on warmer days.

TRADING STYLE

The pub is currently a wet-led community pub in a prominent main road location. There is regular footfall surrounding the pub from the nearby university and bus station. The recently refurbished pub has a loyal following and boasts warmth and a strong sense of community as soon as you walk in. There is plenty of scope to further develop the offer at the Lamb and build on the current licensees solid foundations to increase trade significantly with the implementation of a small food offer, to include lunch time deals. A strong rhythm of the week to include entertainment and sports teams would really help this pub to thrive.
